Manual de utilizare pentru aplicatie

Cuprins

1. Interfata principala a aplicatiei
2. Formular adaugare item
3. Afisare item
4. Update
5. Stergere
6. Filtrare

1. Interfata principala a aplicatiei

Aceasta cuprinde in partea dreapta un formular de adaugare a unui item , pe partea din mijloc va contine un tabel unde vor afisate toate itemurile din baza de date , iar in partea dreapta este partea pentru filtre.

2. Formular adaugarea unui item

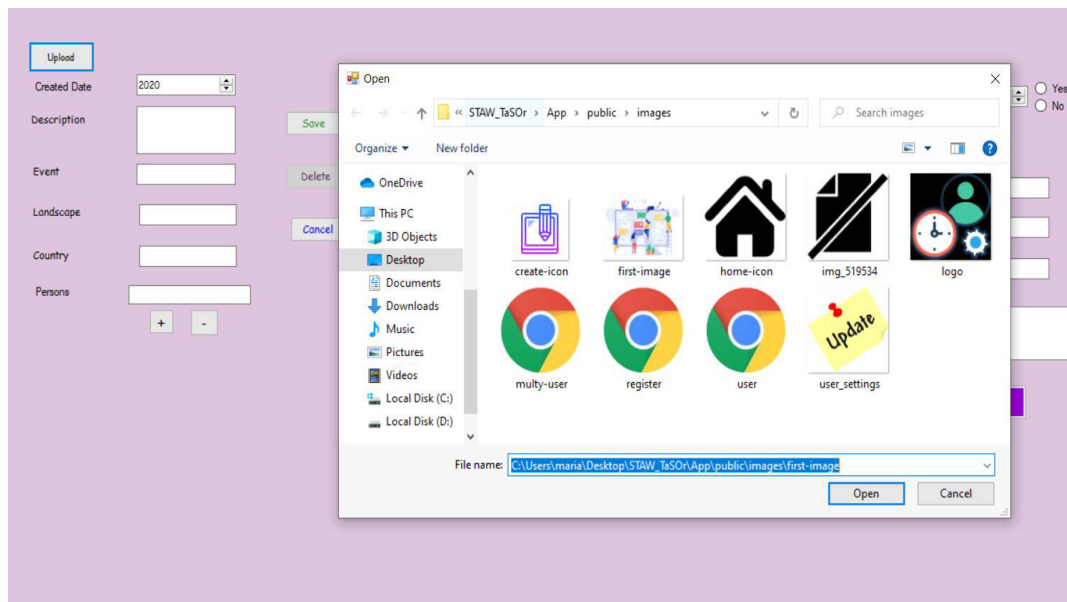

This image is a close-up of the 'Upload' form. It features a light purple background. At the top left is an 'Upload' button. Below it are the following fields and controls:

- Created Date:** A dropdown menu currently showing '2020'.
- Description:** A text input field.
- Event:** A text input field.
- Landscape:** A text input field.
- Country:** A text input field.
- Persons:** A text input field with '+' and '-' buttons below it for adding or removing items.

To the right of the input fields are three buttons: 'Save' (green text), 'Delete' (grey text), and 'Cancel' (blue text).

Acest formular contine :

- butonul de upload: se va putea face upload la poze/videoclipuri din computerul personal.

In partea stanga se va afisa pathul complet al pozei alese.

- Completam formularul cu datele cerute(an creare, event etc).

- Adaugarea de persoane

Se face prin introducerea unui nume in input si adaugarea butonului '+'.
 La adaugarea unei persoane butonul de stergere '-' este disabled, va deveni activ cand suntem la modul de editare a unui item.

Odata adaugata persoana va fi afisata in partea stanga si se va face update la lista de persoane din partea de filtrare.

- Butoane actiuni

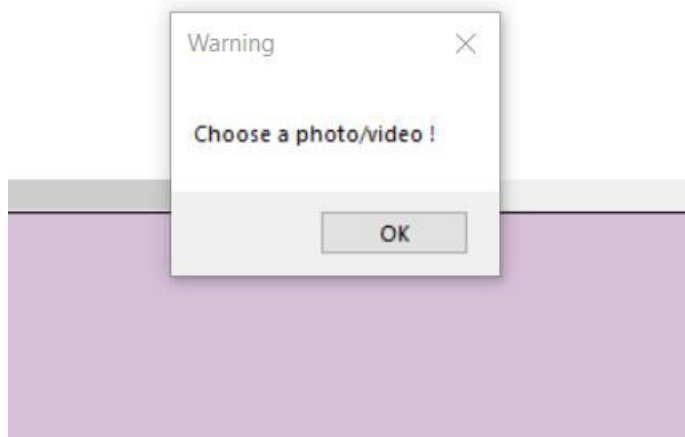

- daca vrem sa adaugam in baza de date vom apasa pe butonul de 'Save'
- daca vrem sa stergem tot ce am completat vom apasa pe butonul de 'Cancel'.
- butonul de delete este inactiv pentru formularul de adaugare.

3. Afisare item

Odata apasat butonul de 'Save' , itemul va fi afisat in tabel .

Daca incercam sa adaugam un item fara a avea un path ne va aparea un mesaj de atentioanare.

4.Update item

Pentru a face update la un item trebuie sa dam dublu click pe randul din tabel corespunzator itemului. Butonul de 'Save' a devenit acum butonul de 'Update'.

The form contains several input fields and buttons for updating an item. The 'Upload' button is disabled. The 'Created Date' field is set to '2020'. The 'Description' field contains 'Poza pentru tema'. The 'Event' field contains 'Tema'. The 'Landscape' field contains 'Proiect'. The 'Country' field contains 'Romania'. The 'Persons' field is empty. The 'Maria' field has '+' and '-' buttons. The 'Update' button is green, 'Delete' is red, and 'Cancel' is blue.

-Stergerea unei persoane se face prin scrierea numelui in input si apasarea butonului de '-'.
Ca si exemplu am ales sa sterg persoana 'Maria'.

The screenshot shows a web application interface with a light purple background. At the top left, there is an 'Upload' button and a file path: 'C:\Users\maria\Desktop\STAW_TaSOOr\AppData\public\imag'. Below this, there are several form fields and buttons:

- Created Date:** A dropdown menu showing '2020'.
- Description:** A text input field containing '(update)Poza pentru tema'. To its right is a green 'Update' button.
- Event:** A text input field containing 'Tema'. To its right is a red 'Delete' button.
- Landscape:** A text input field containing 'Proiect'. To its right is a blue 'Cancel' button.
- Country:** A text input field containing 'Romania'.
- Persons:** A text input field that is currently empty.
- loana:** A label next to two buttons: a grey '+' button and a grey '-' button. The '-' button is highlighted with a red border.

Ca sa salvam toate aceste moficari trebuie sa apasam pe butonul de 'Update'.

5. Stergere

Pentru a putea sterge un item trebuie sa dam dublu click pe randul corespunzator din tabel , iar butonul de 'Delete' va deveni activ.

Filter

Partea de filtrare contine anumite campuri dupa care o sa putem filtra datele.

Pentru anul de creare putem alege sa fie luat in considerare la filtrare daca selectam 'Yes', si daca nu vrem sa fie luat in considerare selectam 'No'.

Daca nu alegem una dintre acestea doua vom primi un mesaj de eroare.

Filter

In cazul urmator am ales ca filtru persoana 'Andreea'. Si dupa cum se vede in tabel

singurul item care a ramas este cel care are ca si persoana 'Andreea'.

The screenshot shows a web application interface with a light purple background. On the left is a form with fields for 'Created Date' (2020), 'Description' (Maria), 'Event' (Tema), 'Landscape' (Tema), 'Country' (China), and 'Persons' (Andreea). There are 'Update', 'Delete', and 'Cancel' buttons. In the center is a table with columns: Path, Description, Event, and Country. It contains one row: C:\Users\maria\Desktop\..., Maria, Tema, China. On the right are filters for '2020', 'Type' (Photo, Video), 'Event', 'Landscape', 'Country', and 'Persons' (Andreea, Ioana, Maria). There is a 'Filter' button and a 'Reset' button.

In ceea ce priveste filtrare dupa persoane , aceasta poate sa fie multipla prin selectarea mai multor persoane.

In exemplu urmator am selectat 'Andreea' si 'Ioana' , iar in tabel a aparut itemul pe care il aveam si la filtrul cu 'Andreea' dar si un item care are ca si persoane 'Ioana' si 'Maria'.

The screenshot shows the same web application interface. The 'Persons' filter now includes 'Andreea', 'Ioana', and 'Maria'. The table now has two rows: C:\Users\maria\Desktop\..., Maria, Tema, China and C:\Users\maria\Desktop\..., Test, Proiect, Italia. The 'Persons' column in the table is empty.

Resetarea datelor se face prin apasarea butonului de reset.
